EXPERIENCE

Front end Developer

IEDC CET

📅 August 2022

📍 Thiruvananthapuram

- Created and currently maintaining the IEDC website.
- Developed a dynamic, responsive website for the IEDC flagship event.
- Technology used for front-end: HTML, CSS, JavaScript, Bootstrap, jQuery.

Learning Facilitator

TinkerHub

📅 November 2022

📍 Remote

- Mentor freshers and students on JavaScript, Web development and Python programming language.

PROJECTS

Game Score Tracker Web App

Self-Learning Project

ReactJS

Node.js

MongoDB

Express.js

- A web application that displays the game scores of different players.
- Built using ReactJS for an intuitive user experience and Node, Express, and MongoDB for the backend.
- Dependencies used: Axios, react-slick, slick-carousel, swiper

Community Page - IEDC CET

College Club Project

ReactJS

Sanity CMS

- Built using ReactJS for a dynamic user interface and Sanity CMS for flexible content management.
- The project is scalable, high-performing and easy to manage.

Internship Cell CET Portal

College Project

Node.js

Express.js

MongoDB

Passport.js

- The back-end services of the Internship Cell of CET.
- The services are scalable, high-performing and secure with features like token-based authentication, input validation and data encryption.
- dependencies used: express, passport, cloudinary, etc...

Gallery Application

Exploratory Project

ReactJS

Firebase

- A gallery application that can upload and view images in real-time.
- Uses Firebase storage and Firestore.
- Packages used: Firebase, framer-motion

EDUCATION

Undergrad B.Tech in Computer Science & Engineering

College of Engineering Trivandrum, Thiruvananthapuram

📅 November 2020 – Present

CGPA:9.76

Class XII

Jawahar Navodaya Vidyalaya, Thrissur

📅 March 2020

97.60%

Class X

Jawahar Navodaya Vidyalaya, Kannur

📅 March 2018

91.60%

SKILLS

ReactJS

Redux

CSS3

JavaScript

TypeScript

Node.js

Express.js

MongoDB

MySQL

PostgreSQL

ViteJS

Python

Django

Git

COURSEWORK

- Data Structures and Algorithms
- Object-Oriented Programming
- Database Management Systems
- Software Engineering
- Operating Systems
